50X1-HUM

1. Uranium has been discovered in the area of Krumhügel and Wolfshau*. The entire area must be evacuated on short notice by the Poles living there.
2. Approximately 3,000 workers had arrived by September 1949, and it was expected that the first ore would be produced within a few months. large quantities have been found.

* Comment: Krumhügel and Wolfshau cannot be located. Perhaps Krumhügel is a misspelling of Krummhübel, the name of a place south of Jelenia Gora (Hirschberg).
